

## Edwin Way Teale

PRESIDENT 1947-1948

Those of us who have read any of Edwin Way Teale's books such as *NORTH WITH THE SPRING* found each a masterpiece in nature literature both for its natural history content and the captivating style. Some reviews considered *NORTH WITH THE SPRING* a "classic of travel and nature writing on both sides of the Atlantic." We were happy to learn recently that this book as well as a number of others are coming out in German, Italian and French editions. A copy was presented to the White House by the American Booksellers Association. This book and his *CIRCLE OF THE SEASONS* was translated into Braille by the Library of Congress. The author autographed copies in Braille for the New York Public Library.

Edwin Way Teale was born in Joliet, Illinois, where on May 4, 1955 the city held an "Edwin Way Teale Day" at which ceremonies he planted a tree and delivered a lecture to the assembled Boy Scouts on the subject *NORTH WITH THE SPRING*. Around the edge of town is the "Edwin Way Teale Nature Trail," a fine tribute to a man who has given many people a deeper insight into the meaning and working of nature.

He is currently working on the completion of a book on *AUTUMN ACROSS THE COUNTRY*. His most recent book and a very successful one is *THE WILDERNESS WORLD OF JOHN MUIR* published by Houghton Mifflin.

The American Nature Study Society is rightfully proud to have had him as its president during the years 1947 and 1948. However, he has served other organizations with equal distinction such as the American Geographic Society, New York Audubon Society, Thoreau Society, Linnaean Society of New York, and the Boy Scouts of America. His home is in Baldwin, Long Island, N. Y.

## Make Atlanta Reservations Early

The fine program of the ANSS which was announced in the previous number of the Newsletter should be a treat for those who come to Atlanta where many members of the Society will assemble. Some have already completed making reservations at hotels which will be crowded and where room for late comers may possibly be difficult to find, at least near the meeting places. Get your reservations in early. Write to AAAS Housing Bureau, Room 912 Rhodes-Haverty Bldg., Atlanta 3, Georgia. Some had room reservations confirmed as early as the first of November.

Dr. Malvina Trussell, president of the ANSS urges all who come to the meetings to bring a few of their favorite kodachrome slides to be shown after the annual meeting. This showing has become a tradition, and there are revealed a large number of expert photographers of nature among our membership.

## Recreation Needs Support

Increasing population in the United States and the even greater increase in tourists who get out on the highways to visit state and national parks and monuments calls for a rapid increase in facilities. More parks and monuments no doubt need increasing as well as improving the facilities of those at present in existence. A ten percent increase in our population will most likely bring about a twenty percent increase in the use of already overcrowded recreation areas.

The Forest Service and the National Park Service urgently need a great expansion of its offerings to the public. Don't miss an opportunity to tell your congressmen or state representatives to favor any bill which favors improving our facilities in National Forests and National Parks and Monuments.
